Important Questions	Answers	Why This Matters:
What is the overall deductible?	Deductible $5,000/individual or $10,000/family	Generally, you must pay all the costs from providers up to the **deductible** amount before this **plan** begins to pay. If you have other family members on the **plan**, each family member must meet their own individual **deductible** until the total amount of **deductible** expenses paid by all family members meets the overall family **deductible**.
Are there services covered before you meet your deductible?	Yes. **Preventive care** services are covered before you meet your **deductible**.	This **plan** covers some items and services even if you haven't yet met the **deductible** amount. But a copayment or **coinsurance** may apply. For example, this **plan** covers certain **preventive services** without **cost-sharing** and before you meet your **deductible**. See a list of covered **preventive services** at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services, but see chart starting on page 2 for other costs for services this plan covers.
What is the out-of-pocket limit for this plan?	OOP $7,350/individual or $14,700/family	The **out-of-pocket limit** is the most you could pay in a year for covered services. If you have other family members in this **plan**, they have to meet their own **out-of-pocket limits** until the overall family **out-of-pocket limit** has been met.
What is not included in the out-of-pocket limit?	**Premiums, balanced-billing** charges, and health care this **plan** doesn't cover.	Even though you pay these expenses, they don't count toward the **out-of-pocket limit.**
Will you pay less if you use a network provider?	No network restrictions.	
Do you need a referral to see a specialist?	No. You don't need a referral to see a specialist.	You can see the **specialist** you choose without permission from this plan.
